We conducted the session on POSCO for Girls of Grade I to X to create awareness about child abuse.

Around 120 Girls attended the session in three batches.

We explained to the children about the POSCO Act and details regarding the POSCO e-box.
Child helpline number i.e . 1098.

We also apprised them of the details that were printed in the front page of NCERT textbooks.

We made them aware of the toll – free number and child helpline number which were on display on the school notice boards.

We also informed them about the availability of students' Grievance Box.

We warned them against accepting any eatables or drinks from external sources.

We warned them against accepting any eatables or drinks from external sources.

We made them aware of Good touch and Bad touch.

The another session on POSCO was held again for Girls of Grade I to X in three batches. This was aimed at creating awareness among the students about child abuse.

1. We sensitized them about their private body parts and that none should touch their private body parts.
2. We made them understand the following:
 - That it is not right to allow someone to touch their private body parts and also not right for them to touch someone else's private body parts.
 - That it is not a right conduct if someone forces you to remove your clothes unless if it is a Doctor who is examining you to see if you are hurt or sick and this should happen only in the presence of your parents.
